NEW PRODUCT

SYSTEM INTEGRAL

Pure Power. No Compromise.

The device is designed with safety, durability, and user comfort in mind. The **Child Lock** feature prevents accidental activation and is enabled by pressing the button located at the bottom of the device three times. **High component durability** combined with a **built-in ceramic coil** ensures stable performance and clean, consistent flavor. The battery allows the use of **up to 20 refill pods** before replacement is required.
